## **OAK VALLEY HOSPITAL DISTRICT FINANCE COMMITTEE MEETING February 6, 2025**

**ROYAL OAK CONFERENCE ROOM  
1425 West H Street, Oakdale,  
California 5:00 P.M.**

## **AGENDA**

5:00 p.m.      Call Meeting to Order      Edward Chock, M.D., Chairperson

### **PUBLIC COMMENT**

In compliance with the California Brown Act the District Board of Directors welcomes comments from the public.

This is the opportunity for members of the public to directly address the District Board of Directors on any item of interest to the public under the jurisdiction of the District including items on this agenda.

Persons wishing to make a presentation to the Board of Directors shall observe the following procedure:

1. A written request to the Board on the form provided at the meeting (optional)
2. Oral presentations are limited to three (3) minutes.
3. Members of the public will be afforded the opportunity to speak at the beginning of the public meeting during the general Public Comment section of the agenda on any item under the jurisdiction of the District as well as during the consideration of an individual item on the agenda for that public meeting, however the three-minute limit described in item 2, above, will be applied to an individual’s cumulative comments during the meeting.

The proceedings of the Board are recorded and are part of the public record.

Materials related to an item on this Agenda, submitted to the Oak Valley Hospital District after distribution of the agenda packet, are available for public inspection in the Secretary’s Office at 1425 West H Street, Suite 270, Oakdale, CA during normal business hours.

**MOTION CARRIED**

**FINANCIALS:**

Financial Report for November 2024

Ann Croskrey, CFO presented the November Financial Report.

**Executive Summary:**

In November, the District posted a profit from operations before new hospital expenses of \$1.05 million. The profit from operations, including new hospital expenses, was \$664,000. The difference is the new hospital expenses of interest and depreciation.

As of the end of November, the year-to-date earnings before interest and depreciation (EBIDA) was 17.2%. Accounts receivable gross days decreased from 79 days to 76 days, and days of cash on hand decreased from 95 to 60 days.

The decrease in cash was mainly from sending out almost \$6 million in intergovernmental transfers, which will be returned with matching federal funds in a few months.

**Income Statement:**

Acute Care Revenue:

In November, we had 42 acute care admits. Our acute care inpatient days were 190. We also had 18 patients in November admitted to an observation status on the Med/Surg acute care unit, but they are considered outpatients as they are not sick enough to meet inpatient criteria. Even though the patients do not meet inpatient criteria, they still require significant staffing and other resources.

Skilled Nursing:

In skilled nursing, we had 2,768 resident (patient) days during November. Our skilled nursing average daily census for November was 92, and we had 10 admits.

Outpatient Services:

The emergency room averaged 54 daily visits in November.

Clinic Services:

Clinic visits for all the clinics totaled 3,833 during November. During November, telehealth visits comprised 20% of total clinic visits. Telehealth visits remain an excellent tool to see clinic patients that may not otherwise have access.

Ambulance Services:

Our ambulance services sector had 485 "runs" in November.

Expenses:

The nursing shortage continues to require the use of travelers. In November, we incurred \$106,000 in RN traveler costs. The hiring of more nurses and closure of the ICU has positively impacted traveler costs.

Our benefit package is a valuable tool for employee attraction and retention. In November, we incurred \$424,000 in health insurance costs for our employees and their dependents.

**Balance Sheet**

Days of Cash on Hand:

Our days of cash on hand as of the end of November were 60 days. This total includes \$5 million received from the 2024 revenue bonds that are being held to repay the balance of the bridge loans due in January 2025, which amounts to approximately 24 days of cash on hand. During November, we wired out approximately \$6 million for the first round of our intergovernmental transfers (IGTs). November was also a month with three pay dates instead of the usual two. Cash will continue to decline until April as we send out IGTs and await the return of the IGT funds. The District continues to manage cash closely.

Accounts Receivable Gross Days:

Gross days in accounts receivable decreased by three days during November. Our Patient Financial Services manager has resigned. We have engaged an interim manager/consultant to help evaluate the department procedures, train the staff in procedures to improve efficiency, and bring down the accounts receivable days. The process is going extremely well, and we have identified several areas where we can make improvements to the billing processes.

Changes are underway, and we reduced A/R days significantly during December, ending the month of December at 64 days.

David Neal made the motion to approve the November 2024 Financial Report. Matthew Heyn made the second. No public input.

Croskrey – Aye

**MOTION CARRIED**

**Receivables Scorecard:**

As of the end of November, we were at 76.20 days across all sources. Significant improvements were made in both the acute area and the clinics. In the clinics, we received a large payment of approximately \$2 million for claims that had been delayed with our new claim source. They finally resolved the issues and processed the payment, reducing clinic days by 15.66 days. Our ambulance services also saw a decrease of seven days.

However, we are still analyzing and working on ONRC, where days increased by 10. Addressing this remains our primary focus for the month. We are confident that it will improve as we continue to work diligently on this.

**Fund Transfers/Investment Review & Recommendation:**

During the month of November, we transferred \$6 million from LAIF into our operating account to cover the \$6 million required for IGTs. We also earned \$50,000 in interest, resulting in a net change to the funds of \$5.95 million. The interest rate at the end of the month was 4.518%, which is significantly higher than we have seen in the last five years. LAIF continues to offer the best interest rate available, and no changes are recommended.

**ADJOURNMENT**

Matthew Heyn made the motion to adjourn the Finance Committee meeting. David Neal made the second. No public input.

To: Finance Committee

From: Ann Croskrey

Date: February 1, 2025

Subject: Hospital Operations – December 2024

## Executive Summary

In December, the District posted a profit from operations before new hospital expenses of \$929 thousand dollars. The profit from operations including new hospital expenses was \$543 thousand dollars. The difference is the new hospital expenses of interest and depreciation.

As of the end of December, the year-to-date earnings before interest and depreciation (EBIDA), was 17.0%. Accounts receivable gross days decreased from 76 days to 64 days, and days of cash on hand decreased from 60 to 58 days.

We continue to work the open A/R to ensure the accuracy of balances due. We have also engaged a consulting firm to help evaluate the department procedures and assess the systems being used for revenue cycle.

## Income Statement

### Acute Care Revenue:

In December we had 39 acute care admits. Our budget for December was 51 acute care admits.

Our acute care inpatient days were 131 in December. Our budget was 163 days for December.

The lower than budgeted inpatient admits and days led to inpatient revenue falling short of budget by 14%.

We also had 25 patients in December admitted to an observation status on the Med/Surg acute care unit, but they are considered outpatients as they are not sick enough to meet inpatient criteria. Even though the patients do not meet inpatient criteria, they still require significant staffing and other resources.

**Skilled Nursing:**

In skilled nursing, we had 2,958 Resident (patient) days during December.

Our skilled nursing average daily census for December was 95, and we had 14 admits.

## Outpatient Services

The emergency room averaged 59 daily visits in December. The graph below shows the average daily visits for the last twelve months.

## Clinic Services:

Clinic visits for all the clinics totaled 3,813 during December. Visits are being impacted by a provider retiring from the Oakdale clinic. The graph below shows the total number of clinic visits for the last six months with a comparison to the prior year.

During December, telehealth visits comprised 23% of total clinic visits. Telehealth visits remain an excellent tool to see clinic patients that may not otherwise have access.

### Ambulance Services:

Our ambulance services sector had 653 “runs” in December.

## Expenses:

The nursing shortage continues to require the use of travelers. In December we incurred \$123K in RN traveler costs. The hiring of more nurses and closure of the ICU has positively impacted traveler costs.

Our benefit package is a valuable tool for employee attraction and retention. In December we incurred \$462K in health insurance costs for our employees and their dependents.

## Balance Sheet

### Days of Cash on Hand

Our days of cash on hand as of the end of November were at 58 days. This total includes \$5 million dollars received from the 2024 revenue bonds that are being held to repay the balance of the bridge loans due in January of 2025, which amounts to approximately 24 days of cash on hand. During November we wired out approximately \$6 million dollars for the first round of our intergovernmental transfers (IGT's). Cash will continue to decline until April as we send out IGT's and await the return of the IGT funds. The District continues to manage cash closely.

So far this fiscal year cash collections from patient accounts are ahead of our budget of \$4.3 million per month. These totals do not include IGT's or supplemental payments.

## Accounts Receivable Gross Days

The gross accounts receivable days for the last twelve months are shown below. Gross days in accounts receivable decreased by 12 days during December. Our Patient Financial Services manager has resigned. We have identified several areas where we can make improvements to the billing and payment processing procedures. One of the issues identified is the posting of payments without completing the contractual adjustment entry. That leaves a balance that is not a true receivable. Adjustments are underway. We completed the contractual adjustments for the clinics during December, and clinic A/R days were reduced by 45 days!

We continue to work the open A/R to ensure the accuracy of balances due. We have also engaged a consulting firm to help evaluate the department procedures and assess the systems being used for revenue cycle. +++
